

## **For Patients and Families**

### **Prohibition of visitation**

As an infection control measure, the hospital does not allow inpatients to visit the hospital.  
We apologize for any concern and inconvenience this may cause.

Opening time of the main entrance                      Weekdays 7:30AM-6:00PM

The following are all limited to one family member.

- If the hospital asks you to come to the hospital
  - Please ask the staff station where you are admitted for the opening hours.
  - Please inform the security guard in front of the main entrance during closing hours.
  
- For family members of patients presenting in an emergency
  - Please inform the staff or security guard in front of the main entrance.
  
- Inpatients' luggage is kept in front of the staff station.  
Please come at the opening time of the door as much as possible.
