

## Relaxation of Visitation Restrictions in General Hospital Wards

**Restrictions on visitation are partially relaxed from Saturday, June 1, 2024.**

### Visiting or office hours

Visiting hours are from 1pm to 4pm daily.

### Precautions during visitation

- When you arrive at the hospital, be sure to take your temperature and fill out the Visitor Questionnaire.

(weekdays:staff station      holiday: front entrance)

- The number of visitors is limited to two.

(A family member or key person.) (Children aged 6 or under are not allowed.)

- Visiting hours are limited to 30 minutes.

- Places where you can visit      Patients in private rooms : Private room  
   Patients in 4-bed rooms(Mobile patients): Patient cafeteria  
   Patients who are not mobile :Inside a hospital room

- Please wear masks and keep your distance from each other.

### Please continue to follow these precautions

- Always wear a mask in the hospital
- Persons with fever or feeling unwell are not allowed to enter the inpatient ward.
- If the infection situation worsens, visits may not be possible.
