

<2014 英文論文>

Aoyama-Ishikawa M, Seishu A, Kawakami S, Maeshige N, Miyoshi M, Ueda T, Usami M, Nakao A, Kotani J: Intravenous immunoglobulin-induced neutrophil apoptosis in the lung during murine endotoxemia. *Surg Infect (Larchmt)* 15, 36-42, 2014

Ueda T, Aoyama-Ishikawa M, Nakao A, Yamada T, Usami M, Kotani J: A simple scoring system based on neutrophil count in sepsis patients. *Med Hypotheses* 82, 382-386, 2014

Yoshida Y, Ajiki T, Ueno K, Shinozaki K, Murakami S, Okazaki T, Matsumoto T, Matsumoto I, Fukumoto T, Usami M, Ku Y: Preoperative bile replacement improves immune function for jaundiced patients treated with external biliary drainage. *J Gastrointest Surg* 18, 2095-2104, 2014

Yuasa Y, Osaki T, Makino H, Iwamoto N, Kishimoto I, Usami M, Minamino N, Harada-Shiba M: Proteomic analysis of proteins eliminated by low-density lipoprotein apheresis. *Ther Apher Dia* 18, 93-102, 2014

Takahara M, Aoyama-Ishikawa M, Shuno K, Yamauhi C, Miyoshi M, Maeshige N, Usami M, Yamada M, Osako T, Nakao A, Kotani J: Role of endogenous IL-18 in the lung during endotoxin-induced systemic inflammation: Endogenous IL-18 induces acute lung injury. *Acute Medicine & Surgery* 1, 23-30, 2014

Bohgaki T, Katagiri Y, Usami M: Pain-relief effects of aromatic touch therapy with Citrus junos oil evaluated by quantitative EEG occipital alpha-2 rhythm poweres. *J of Behavioral and Brain Science* 4, 11-22, 2014

Matsumoto R, Fukuoka H, Iguchi G, Nishizawa H, Bando H, Suda K, Takahashi M, Takahashi Y: Long-term effects of growth hormone replacement therapy on liver function in adult patients with growth hormone deficiency. *Growth Horm IGF Res* 24 (5), 174-179, 2014

Fukuoka H, Takeuchi T, Matsumoto R, Bando H, Suda K, Nishizawa H, Takahashi M, Hirota Y, Iguchi G, Takahashi Y: D-dimer as a significant marker of deep vein thrombosis in patients with subclinical or overt Cushing's syndrome. *Endocr J*, 2014

Yamamoto M, Fukuoka H, Iguchi G, Matsumoto R, Takahashi M, Nishizawa H, Suda K, Bando H, Takahashi Y: The prevalence and associated factors of colorectal neoplasms in acromegaly: a single center based study. *Pituitary*, 2014

Bando H, Iguchi G, Fukuoka H, Yamamoto M, Hidaka-Takeno R, Okimura Y, Matsumoto R, Suda K, Nishizawa H, Takahashi M, Tojo K, Takahashi Y: Involvement of PIT-1-Reactive Cytotoxic T Lymphocytes in Anti-PIT-1 Antibody Syndrome. *J Clin Endocrinol Metab*, 99 (9) , 1744-1749. doi: 10.1210/jc.2014-1769. 2014

Yamamoto M, Iguchi G, Bando H, Fukuoka H, Suda K, Takahashi M, Nishizawa H, Matsumoto R, Tojo K, Mokubo A, Ogata T, Takahashi Y: A missense single-nucleotide polymorphism in the sialic acid acetyltransferase (SIAE) gene is associated with anti-PIT-1 antibody syndrome. *Endocr J*, 61(6), 641-644, 2014
